PRO TOUR 2009

In 2009 IKD will introduce the Rotax Pro Tour. The Pro Tour will be four to six individual race meetings held at top circuits along the eastern sea board of Australia. The Pro Tour will commence in May of 2009. Details will be published on the IKD

web site and in Kart Magazine when finalised.

Each of the events, although separate race meetings (the Pro Tour is not a series), will be Level 2 National Rotax Rankings events.

The Pro Tour will be designed to 'lift the bar' for kart race meetings in Australia. The meetings will be run by the clock, will use transponders, will offer heaps of practice, racing and prizes and will be designed to provide the highest levels of competition possible to hone your skills.

Only five classes will be offered:

- Junior Rotax
- Rotax Light
- Rotax Heavy
- Rotax Over 35
- Open (DD2 engines only)

The Pro Tour will be an integral part of the selection process (via the rankings system) for determining the invitees to the 2009 Rotax Max Challenge Grand Final.

In 2009 the rankings system will be slightly modified to include the Pro Tour as follows;

Level 1 – Rotax Nationals, **Level 2 – Pro Tour**, Level 3 – State Titles, Level 4 – all other events.

Full details are available for download on the IKD web site.

INTRODUCTION

The Rotax Racer Rewards program is an innovation of International Karting Distributors - the Australian distributor of Rotax Kart Engines.

This program rewards karters that commit to competing in Rotax classes.

The rewards program is tied to another IKD innovation - the National Rotax Rankings. The rankings provide a mechanism to measure individual karters performance relative to other competitors without competing directly against them, in much the same way as tennis rankings.

As you compete in Rotax events your results contribute directly to your ranking. As your ranking points increase so do your Rotax Racer Rewards points. Each point you gain in the National Rotax Rankings equals one Rotax Racer Rewards point. Rotax Racer Rewards points are different on one respect, they only last for one year, on 31st December of each year your Rotax Rewards Points automatically drop to zero.

Each time you redeem Rotax Racer Rewards points for product your points balance will be reduced by the amount associated with the product(s) you have selected. A minimum of 1,500 points is required to make a redemption.

Redeeming points for product does not change your ranking as your 'Rotax Racer Rewards points' are maintained separately and will fluctuate as you redeem points and accumulate new ones.

In order to redeem points, you **must** download and complete the Rotax Racer Rewards redemption form. This form is located on the IKD web site at www.rotax.com.au.

Once complete with your selection, fax the form to IKD at (02) 4735-1065 or via post (address on rear of this book). Your redemption order will be delivered to the IKD reseller you nominate on your form. Please make sure you read the terms and conditions listed at the rear of this book.

As you can see from the example form below, it is very simple to complete. All entries are mandatory. Date, name, address, phone number and email address allow IKD to communicate with competitors during the redemption process. The nominated IKD reseller is required as IKD can only deliver product to IKD resellers. Delivery of your redeemed products will be made to the nominated IKD reseller with the next order placed

by the reseller (Allow 4-6 weeks for delivery). ID is required with each redemption, a photo copy of drivers license or AKA license is acceptable.

When completing the product section, use the description, part# and points you will find for each product in this book. Please be accurate when completing the form as IKD will ship the products you request and there are **NO RETURNS.**

Once your redemption form has been processed the total number of points for your

selection will be deducted from your Rotax Racer Rewards points.

Current Rotax Racer Rewards points listings will always be available for download from the IKD web site at www.rotaxcom.au.

NATIONAL ROTAX RANKINGS 2009

In 2009 the National Rotax Rankings system will be modified slightly. This is to include the Pro Tour and to remove the requirement for event sanctioning as from 1st January 2009 all events will be sanctioned. NOTE: Only the top ten finishers in the final gain points. Please see the 2009 NRR rules, available from the IKD web site.

There will be four levels of NRR meetings as follows:

Level 1 - Rotax National Championships

Level 2 - Rotax Pro Tour

Level 3 - State Open Sprint Championship

Level 4 - Other type of meeting with 8 or more entries in the class

- Endurance races may be included in which case all drivers from within any given team will receive the points. Example, if it is a level 4 event all drivers in the winning team will get 30 points (before multiplying by number of entries).
- Any Senior event with less than 8 entries will not be eligible to receive points
- Points will only be awarded for classes run at the AKA manual weight for the class, Over 35's results will be accepted regardless of the age or weight division
- Junior Rotax drivers will be eligible to receive points regardless of the number of entries for 2009

Points will be allocated on the following basis (points to be multiplied by the number of entries in the class):-

Place	Level 1	Level 2	Level 3	Level 4
1st	100	80	70	30
2nd	90	72	62	26
3rd	80	64	54	22
4th	70	56	46	18
5th	60	48	38	14
6th	50	40	30	10
7th	40	32	22	6
8th	30	24	18	3
9th	20	16	10	2
10th	10	8	2	1

ROTAX CLUB REWARDS

In conjunction with the Rotax Racer Rewards program, IKD will be initiating a rewards program for AKA affiliated clubs that offer Rotax classes according to the AKA manual.

Under this program clubs can accumulate points for use as part of their club championships or for other promotional purposes.

In order to be eligible for points, clubs must offer Rotax Light, Rotax Heavy or Junior Max as separate classes according to the AKA manual. This means that they must run on their class tyres and not as any derivative class such as TAG, nor can they be combined and run at an intermediate weight.

Points will be awarded to clubs based upon the following criteria:

Activity	Points
Offering Rotax Light 160kg on MOJO	20
Offering Rotax Heavy 180kg on MOJO	20
Offering Junior Rotax 145kg on MOJO	35
Promoting Rotax as part of meeting	25
Returning results to IKD for Rotax classes	30
For each Rotax Light entrant per meeting	2
For each Rotax Heavy entrant per meeting	2
For each Junior Rotax entrant per meeting	4
Rotax Light as part of Club Championship	50 per year
Rotax Heavy as part of Club Championship	50 per year
Junior Rotax as part of Club Championship	100 per year

Points tables will be available regularly for download from the IKD web site at www.internationalkarting.com.au.

Club Rewards points expire at 31st December each year, all unredeemed points are void. Redemption is via the Rotax Club Rewards redemption form that is available for download from the IKD web site.

CONSUMABLES

Goldspeed sprockets are the 'gold' standard in drive sprockets. Made from the highest quality aluminium. Insist on the best, insist on Goldspeed. Available in sizes from 63 to 94 teeth. Specify size when ordering.

Product Code: SKAK

Points: 450

DID chains are quite simply the best. DID chains have transported many world champions to victory. Available in sizes from 94 to 112. Specify size when ordering.

Product Code: CHGG

Points: 890

Fantastic 5 Litre measuring Jug. A must have for any karting trailer. Accurately measure and dispense your fuel and reduce wastage.

Product Code: MCK240

Points: 535

Motul Chain Lube. Specifically formulated for high speed classes for less 'fling'. Provides for longer life from chains and sprockets and your race suit stays cleaner !!! Simply the best.

Product Code: OLMCL

Points: 485

DENSO Iridium plugs have an extremely long life as Iridium is 6x harder and 8x stronger than Platinum. Because of the strength and hardness of Iridium, there is virtually no electrode wear, combined with a Platinum ground electrode, creates a spark plug that is almost impervious to wear even under extreme racing conditions.

Product Code: SSIW29

Points: 490

Premium quality synthetic two stroke oil. Formulated and blended from the highest quality base oils. Specifically developed to meet the needs of high horsepower motors such as Rotax MAX. Recommended globally by Rotax. 1L bottle.

Product Code: OLM2TS

Points: 900

The tyre for Rotax, as used all around the world. Fantastic durability and performance and yet extremely economical. Complete set.

Product Code: TYMJD2

Points: 6,100

ROTAX APPAREL

This beautiful dress shirt will ensure that you look great at all trophy presentations. The Rotax logo on the breast pocket with www.rotax.com on the back. Available in sizes XS to XXXL. Specify size when ordering.

Product Code: Z581201

Points: 1,950

Rotax polo shirt with BRP rubber badge on sleeve with www.rotax.com on the back. Available in sizes XS to XXXL. Specify size when ordering.

Product Code: Z581441

Points: 1,450

MOJO cap. Be part of the Rotax scene, this black 'one size fits all' cap with the bright MOJO logo will ensure you fit right in.

Product Code: Z580719

Points: 275

UNIPRO PRODUCTS

The Unipro 6002 is both a Laptimer and a Data Logger. Drivers and mechanics can see and analyse results directly in the display. At the same time all sensor readings are stored in the Laptimer up to 10 times a second. The Unipro 6002 can, with optional sensors, measure speed, exhaust, cylinder and water temperature. It makes it possible to transfer the results to a PC for analysis. The PC Analyser programme provides a complete overview together with the ability to compare results between drivers, test sessions and heats. The Unipro 6002 is provided with RPM sensor and magnetic pickup.

Product Code: UPBK62

Points: 22,000

Product Code: UPUS

Points: 7,500

Unipro UniStop Stopwatch

UniStop is the right choice when you want an easy to use, high quality stop watch with an elegant and robust design that comes standard with all Unipro products. You can take lap- and split times on up to 4 drivers.

UniStop features

- Timing of up to 4 drivers with up to 9 splits per lap.
- Transfer data to PC (USB).
- Multi-language user interface.
- Fast and easy to operate.
- Built-in clock.
- Large graphical display.
- Visual indication of faster/slower times from 3 powerful LEDs.
- Calculation of theoretical best lap time.
- Includes keystrap.

SPARCO APPAREL AND ACCESSORIES

The Sparco mechanics gloves are very sensitive to allow easy handling of small objects. Rubber peening for better grip in the palm.

Product Code: SQMGN

Points: 550

The Sparco Week bag is a must have bag for any racer. With removable backpack this bag has it all. Heaps of room for your travel or racing needs. Made from high quality materials and built to last.

Product Code: SQWEEK

Points: 2,200

The Sparco City backpack has everything you could possibly ask for. Features include ergonomically formed shoulder straps, a separate detachable laptop protection case, and a small front pocket to store all your necessary items. This backpack also features a preformed molded bottom to help keep everything in its proper place.

Product Code: SQCITY

Points: 2,200

The Sparco Jumbo bag was built for the racer, by the racer. It features function-specific compartments to store all of your racing equipment and supplies. This duffel has separate compartments for your helmet, shoes, gloves, tear-offs, and suit. It also includes inner mesh storage compartments to help ventilate any damp articles of racing apparel.

Product Code: SQJUMBO

Points: 6,390

The Famous sparco "WWW" is now offered in a Zip-Up style sweatshirt. Colors are Black, White, Red and Navy. Sizes from M to XL. Specify colour and size when ordering.

Product Code: SQHOOD

Points: 2,260

The Pitlane Shoe is the newest leisure shoe from Sparco. It has a Suede toe-box and ankle area, with a highly durable canvas side panel.

Many of the features seen in the Sparco competition Line can be seen in this shoe. A thin sole provides for maximum pedal feel and control. The sole continues up the back of the heel providing a stable and smooth pivoting point for heel-toe-downshifting. This casual shoe has been designed for daily use, but with the proper features to suit driver's needs. Available in Black, Black/White, Blue/White and Biege. Sizes 28-46. Specify size and colour scheme when ordering.

Product Code: SQPL

Points: 2,800

The ICELAND is a half-zip polyester fleece pullover. Featuring thick padding and anti-pill treatment, as well as a big zipped pocket fitted to the front, the ICELAND will be sure to keep you comfortable, warm, and in style. Sparco logo embroidery on right sleeve and behind collar. Colour, black, grey and blue. Sizes XS to XL. Specify colour and size when ordering.

Product Code: SQICELAND

Points: 4,480

SPARCO RACE GEAR

The best features & value have been integrated into the Rookie, Sparco's entry level kart suit. Three layers of abrasion resistant fabric allow this suit to pass the strict Level 2 FIA standards. For increased comfort the inside of the suit is lined with well known soft cotton terry. The Rookie also includes max-airflow vented shoulders, box quilting, and trademark Sparco epaulettes.

Expandable Rear Shoulder Gusset

Shoulder gussets add unrestricted movement plus added air circulation to the upper body.

Max Airflow Venting

Sparco's Max airflow vented shoulders allows constant airflow around the body which helps with heat dissipation, keeping the driver cool and comfortable.

Box Quilting

Developed for Sparco professional suits, box quilting creates hundreds of small pockets of air in the suit. This design aids in heat dissipation and ultimate comfort.

Available in Black, Blue, Grey and Red. Sizes 120,140, 150, 160, S, M, L, XL, XXL. Specify size and colour when ordering.

Product Code: SQRK

Points: 6,490

Like all of Sparco's shoes, the "K-Run" is engineered to offer superior comfort and performance. Available in sizes from 28-46 and colour styles: Black, Black/White, Red/White, Blue/White, Blue and Red. Specify size and colour style when ordering.

Product Code: SQKR

Points: 6,290

The K Mid offers all of the technical details you expect from a Sparco race boot, perforated lateral inserts, anti-slip sole, water resistant and high ankle protection. Available in sizes 28-47 and colours: Black, Blue and Red. Specify size and colour when ordering.

Product Code: SQKM

Points:3,350

The Formula helmet is the most popular model of the Sparco track range, resulting from the experience of tests in co-operation with the most famous drivers. Made of tri-comp fibre. Ideal for use on open cars (Prototypes, Sport, F.3, and Kart). Available in XS, S, M, L, XL. Specify size when ordering.

Product Code: SQFH

Points:19,950

Protect your valuable helmet with the Sparco Pro Helmet Bag. Lined with high-density foam for the best in helmet protection, this helmet bag incorporates internal and external pockets for storing small items.

Product Code: SQHBP

Points:2,380

TILLETT SEATS

Developed over the last 22 years, the Tillett range of racing seats has made a significant contribution to the kart's handling capabilities as well as being a major benefit to karters' rib cages.

The T8 is the most popular seat made by Tillett Racing Seats. The T8 was the first kart seat ever made using RTM. This system makes a strong fibreglass moulding with a uniform quality and thickness, the process also speeds up production. In addition to these benefits, the two smooth sides of the T8 keep a clean, professional image throughout the life of the seat. Sizes S to XL. Specify size when ordering.

Product Code: T18
Points: 3,350

Same as the standard T8 seat but with addition 1/4 seat padding. This has been a feature of Tillett seats from the very beginning. Sizes S to XL. Specify size when ordering.

Product Code: T1FSQ
Points: 3,350

Developed by the KF1 and KF2 drivers of the European and World Championships. Tested on the most demanding rubber covered tracks that place exceptional forces on the ribs and body. Available in sizes C-XL. Specify size when ordering.

Product Code: T1RT
Points: 4,750

PRODEZINE RACE GEAR

Prodezine boots made from suede leather and fabric with firm sole that provides excellent pedal feel. Available in Black/White and Blue/White in sizes 39 to 47. Specify size and colour when ordering.

Product Code: PDBT

Points:1,250

Prodezine gloves made from leather with fantastic design and amazing feel, available in Black/White and Blue/White in sizes XS to 2XL. Specify size and colour when ordering.

Product Code: PDGL

Points:490

Prodezine suit made from Du-Pont Cordura, Mesh & Cotton Lining with floating sleeves for exceptional movement. Available in Black and Blue in sizes XS to 2XL.

Product Code: PDRST

Points:2,400

Prodezine Tshirt. Only in karting track friendly black in sizes XS to 2XL.

Product Code: PDTS

Points:350

- Rotax Racer Rewards and Rotax Club Rewards programs commence 1st January 2009. Rankings scored prior to 1st January 2009 **DO NOT** transfer to the Rotax Racer Rewards scheme.
- Rotax Racer Reward points can only be redeemed for products listed in this book.
- Points cannot be redeemed for cash.
- Each Rotax Racer Rewards redemption must be for a minimum of 1,500 points. Redemptions can be spread over multiple products to reach 1,500. This means you must have a minimum of 1,500 points before you can redeem any points.
- Rotax Racer Rewards redemptions must be via a correctly completed Rotax Racer Rewards Redemption form which is available for download from the International Karting Distributors (“IKD”) web site, incorrectly completed forms will not be processed. Verifiable identification must be provided with all redemptions (drivers license, passport or AKA license.
- Each Rotax Club Rewards redemption must be for a minimum of 1,000 points. Redemptions can be spread over multiple products to reach 1,000.
- Rotax Club Rewards redemptions must be via a correctly completed Rotax Club Rewards Redemption form which is available for download from the IKD web site, incorrectly completed forms will not be processed.
- Rotax Racer Rewards points are accumulated on a class by class basis per competitor.
- Once a redemption has commenced no changes are permitted.
- Product cannot be returned or exchanged once selected and shipped.
- The Rotax Racer Rewards program is only open to competitors with registered Rotax engines.
- Competitors can only accrue points under the name in which their AKA license is issued.
- Delivery of redeemed goods will be via a nominated IKD reseller only and will be delivered with the nominated IKD resellers next order.
- Rotax Racer Rewards points expire at 31st December of each year.
- Rotax Club Rewards points expire at 31st December of each year.
- Rotax Racer Rewards points cannot be combined with another competitors.

- Rotax Club Rewards points cannot be combined with another club(s).
- Rotax Rewards Points per competitor can never be negative.
- Rotax Club Rewards Points per club can never be negative.
- Rotax Racer Rewards points can only be accrued at meetings that meet the minimum National Rotax Rankings criteria.
- Rotax Club Rewards points can only be accrued when the club offers meetings that meet the minimum National Rotax Rankings criteria.
- Redemptions are subject to product availability. No product redemptions are backordered. Any issues relating to points redemption will be handled by email ONLY.
- All claims made by clubs under the Rotax Club Rewards scheme must be verifiable by IKD. Unverified points claims will not be processed.
- Involvement in the Rotax Racer Rewards program is open only to individuals, it is not open to families, groups, companies, trusts, partnerships, other entities, government departments, agencies, animals or inanimate objects.
- Involvement in the Rotax Club Rewards program is open only to AKA affiliated clubs. IKD will, in its sole discretion, determine eligibility.
- If, in the opinion of IKD, the terms and conditions of the Rotax Racer Rewards program or terms and conditions of the National Rotax Ranking system are breached by a competitor, the points associated with that competitor under the Rotax Racer Reward scheme and/or the National Rotax Rankings scheme will be nullified.
- If, in the opinion of IKD, the terms and conditions of the Rotax Club Rewards program are breached by a club, the points associated with that club under the Rotax Club Reward scheme will be nullified.

IKD reserves the sole right to make changes to the ways in which points are earned and redeemed including but not limited to;

- Point earning and redeeming rates and products;
- Restrictions or conditions;
- Level requirements and benefits;
- The expiry of accrued Points;

The Rotax Racer Rewards and/or Rotax Club Rewards programs may be terminated at any time without notice by IKD. If the programs are terminated no further points redemption will occur as of the date of termination.

In 2009 **ALL** Rotax events run on the class tyre will be eligible for points, provided that the organising clubs submit the points to IKD on the correct form.

Due to the number of events involved IKD **WILL NOT** make any attempt to source results.
